Testing Instruments for
Paint, Ink & Coating
Applications

"Aadarsh Technologies"

We are engaged in delivering world-class testing instruments that cater to the diverse requirements of industries such as Textiles, Paper, Paints, Pigments, and Plastics. We are committed to providing our customers with technologically advanced testing machines of unmatched quality, supported by strong technical expertise and reliable after-sales service—offering, in essence, world-class products and services. Our organization is led by a team of experienced industry technocrats whose extensive market knowledge and technical expertise enable us to offer a precise and comprehensive range of products at highly competitive prices. We also ensure prompt delivery timelines, meeting our customers' requirements with efficiency and reliability.

We provide comprehensive quality solutions across every stage of manufacturing.

Our rich experience

has enabled us to understand the customer requirements and the challenges faced by them.

We Offer

We are committed to providing our clients with the right equipment, expertise, and support tailored to their specific needs—helping them enhance productivity and achieve superior quality in their work. We ensure that every customer receives true value for money.

Consultation to customers for choosing right instruments for their need.

Timely delivery of quality product with strict adherence to international standards like ASTM, BS, ISO etc.

Demonstration, Installation, training & after sales support.

Outstanding Service Support- In our Competitive world. Annual maintenance schemes/ instant repairs and prompt after sales service is provided to the customer.

Next to selling World Class Machines, Building relationships is what we do best.
